

# ORACLE INNOVATION CLOUD. READY FOR TAKE OFF.

## Oracle Software with PROMATIS Solutions

Award-winning Oracle innovation management software combined with reliable PROMATIS Best Practice solutions, project management processes, process models, templates, and services.

From the pioneer of the process-oriented introduction of Oracle enterprise software solutions — the Kickstart for the development and management of innovation processes!

## Why the Innovation Cloud?

Support for the complete innovation lifecycle, from finding ideas through requirements management and concept development to planning a future-oriented product portfolio.

Included: Social Innovation involving the entire innovation community. The result: faster decisions and traceability.

## Kickstart for process innovation!

With the Kickstart offerings for the Oracle Applications Cloud, PROMATIS enables a smart entry into the use of application software services: fast, economical, low-risk. For a fixed price!

A preconfigured Oracle SaaS product suite of Best Practice business process models and proven PROMATIS implementation and training services.

## Kickstart Innovation Cloud

The PROMATIS Kickstart as an ideal solution for your innovation processes supported with IT at a fixed price. Your benefit: sustainable support for anchoring the entire innovation lifecycle in the company — from the initial idea to the finished product.

## PPROMATIS Best Practice Solution SCM

The PROMATIS Best Practice products are functional extensions for and adaptations of Oracle applications. The result is end-to-end, cross-company business processes that can be implemented economically and quickly in the company.

## Oracle Applications Cloud SCM

With its functional breadth and depth (including product innovation, strategic material sourcing, external manufacturing and integrated logistics), the Oracle SCM Cloud is a balanced and powerful solution. The functions can be implemented step by step, keeping risks to a minimum, lowering costs and maximizing flexibility. At the same time, clients benefit from constant functional innovations.
